About Us

KropKraft Innovations is an agricultural solutions company dedicated to empowering farmers across India through technology-driven services, farmer welfare programs, and modern skill development initiatives. KropKraft Innovations champions sustainable, tech enabled agriculture, focusing on enhancing productivity and resilience for Indian farmers. The company provides a suite of services targeting pressing challenges in spraying efficiency, farmer welfare, training, and holistic farm management.

Our Key Services

kropkraft Innovations offers a diverse range of agricultural Services, including Drone Spraying, grains, and specialty crops, Subsidies from Govt and etc

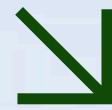

BharatAero Spray

This service delivers cutting-edge drone spraying solutions for farms across India, regardless of size, crop type, or terrain. BharatAero Spray specializes in rapid and precise agrochemical application using advanced drones, helping reduce labor costs, minimize crop loss, and maximize field efficiency. The company's pan-India network enables easy access in remote and urban areas, ensuring every farmer benefits from aerial technology.

Green Wings

Green Wings transforms ordinary farmers into skilled drone pilots. The company offers certified pilot training programs, hands-on drone operation workshops, and safety courses, aimed at upskilling rural youth and farmers in the latest agri-tech tools. Graduates of Green Wings are equipped to operate drone fleets for crop spraying, surveillance, and farm analytics, empowering local communities with new-age employment opportunities.

Kisan360

Kisan360 is a comprehensive support platform for farmers, encompassing advisory services, soil health diagnostics, weather alerts, market linkage, equipment rental, crop management, and digital record keeping. KropKraft Innovations acts as an end-to-end partner in a farmer's journey, addressing every need from planting to harvest to post-harvest, ensuring growth, sustainability, and prosperity on every acre.

Kisan Suraksha

Kisan Suraksha is a one-stop platform for farmers seeking information and access to government and private subsidies, welfare schemes, and insurance products. KropKraft Innovations guides farmers through documentation, eligibility, and benefit optimization, enabling financial security, risk mitigation, and improved access to resources. The service focuses on transparency and supporting all farmers, including smallholders and marginalized communities.
